Forecast For East of England
Issued by Met Office Exeter
at 1600 on Thursday 18 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy, intermittent light rain, clearing later. Brisk winds on coasts.

This Evening and Tonight:
It will be mainly cloudy with intermittent light rain or drizzle this evening, and misty in places. Tending to become clearer later in the night. The northerly breeze will be fresh along the coast. Minimum temperature 3 deg C (37 deg F).

Friday:
Mainly dry through the day, with variable cloud and sunny spells. Feeling rather cool in the northeasterly breeze, especially near coasts. Maximum temperature 11 deg C (52 deg F).

Outlook for Saturday to Monday:
A mostly dry period with variable cloud cover. Feeling cool underneath the cloud, and during overnight periods with possible frosts. Some sunny intervals by day, more likely Saturday and Monday.
